

Why **AGRITECH** ?

Agriculture faces major challenges: climate change, digital transformation, and skills gaps.

Europe needs professionals who can bridge farming, technology, and management.

AGRITECH brings together universities, research centres, and industry partners across Europe to design a new professional role: the **AgriTech Manager**.

Our **GOALS** ...

- Train future leaders in smart agriculture.
- Support Europe's green and digital transition.
- Strengthen links between education, industry, and policy.
- Give young professionals new career paths in agriculture.

Project 101187399

What we do in AGRITECH ...

- A Competency Framework defining the AgriTech Manager's skills in digital tech, business, sustainability, and leadership
- An AgriTech Curriculum combining higher education (HEI) and vocational training (VET)
- Learning Ecosystems with hubs in universities and enterprises, using gamification, VR/AR, and digital platforms
- Certification Models with Digital Badges and Micro-credentials

Co-funded by the European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.

EXPECTED RESULTS ... by 2027

- A recognised AgriTech Manager profile, linked to the European Skills Classification (ESCO)
- Accredited modules and curricula integrated into university programs
- A digital AGRITECH Platform for resources, training, and certification
- Policy briefs to guide EU and national adoption of the AgriTech Manager role

Who we are ...

AGRITECH unites 31 Partners from 11 Countries

- Universities and training providers
- Ministries and public agencies
- Industry associations and SMEs
- NGOs and innovation hubs

Together, we are building a shared European model for Agricultural innovation, shaping the future of Farming through technology, sustainability, and education
